**transform your staircase in a day**

simply clad your existing staircase with our premium laminate or real oak veneer  
treads and risers to create a stunning feature staircase in your home

## stair make-over stair cladding - laminate range how to buy

the stair make-over system has just 3 basic elements treads, risers and a top stair pack to transition onto landings

Q are your treads and risers wider than 1000mm

A no, then use 1000mm treads and risers

A yes, then use 1400mm treads and risers

for winders we recommend using 1400mm treads  
for bottom treads with a curved end we recommend using 1400mm treads  
for treads and risers wider than 1400mm please contact us for availability

remember all treads and risers are cut to size on site for an exact fit

you will need a top stair pack to transition onto your landing  
this includes a riser, top stair profile and metal insert

calculate how many tubes of glue and sealant you will need

you will need 1 tube of glue per two treads and risers  
you will need 1 tube of sealant per 6 treads and risers

see the following page for half landing kits, matching premium quality laminate flooring and accessories

i will need the following stair make-over products to transform my staircase

my chosen colour is.....

1000mm treads and risers

Qty

1400mm treads and risers

Qty

top stair pack

Qty

glue

Qty

sealant

grey Qty

brown Qty

oak Qty

### stair make-over stair cladding - laminate range how to buy

if you require half landing packs then please check the width and depth of your half landing and if this is greater than the coverage of our standard half landing pack then please just order the appropriate square metre of flooring required and a top stair pack

to calculate the square metre of your half landing its width x length

if you would like matching laminate flooring for a hall or landing then calculate the square metre you require (times the length by the width) and we suggest adding between 10 & 20% for wastage dependent on the complexity of the installation e.g. number of doors, odd shapes area etc

if your staircase has winders then why not add the measuring tools pack to make measuring them and marking them out for cutting simple and easy

make your purchase on line 24 hours a day every day of the year

[www.stairmakeoversolutions.co.uk](http://www.stairmakeoversolutions.co.uk)

or securely by telephone 8am to 6pm

01507 474408 or 01507 01507 472403

i will need the following stair make-over products to complete the transformation of my staircase

half landing packs

Qty

flooring square metre

top stair pack

Qty

square metre of flooring required

measuring tools pack

Qty
